

NATIVE AMERICAN MINISTRIES

KEN TRIVETTE

Reaching Native Americans for Christ

The past couple of months have been busy, yet blessed of the Lord in many wonderful ways. For all you who have written, called, or emailed to let me know you were praying for me and Native American Ministries, thank you.

We had our annual tent-meeting on the Jicarilla Apache Reservation the last week of June. There were over 200 in attendance on Sunday morning and the attendance each night was the largest we have had. **Praise the Lord for the ten that were saved!** It was a special blessing to have a couple of pastors with us for the week. I appreciate Pastor Mike Hatton from Marietta, GA and one of his men, Robert Heald, along with Pastor Jimmy Greene from Lexington, N.C. visiting with us for the week. Their preaching was a great blessing to the meeting. It was also a joy to have the young people from Temple Baptist Church in Chattanooga. They sang each night and were a great blessing to the meeting. It was a joy to have many other guests that came in for the meeting. Please continue to pray for the ministry of Dan Spencer and the Good News Baptist Church as they reach the Jicarilla Apache for Christ.

I just returned from Alaska where our missionaries Stan and Josh Roach are serving. I was greatly encouraged by the blessings of God on their ministry and the work they are doing. God has recently blessed the Independent Baptist Church of Anchorage with a new facility. The Church is strong and God is greatly blessing Stan and his ministry there. Josh is working among the Athabaskan Native Americans in villages up and down the Yukon River. These villages are only accessible by either boat or a plane that can land on water. There are only about 3 months in the year that these villages are accessible seeing they are only 40 miles from the Arctic Circle. Myself and Clarence Taylor flew into Anchorage on Monday evening and left around 5:30 the next morning for the Yukon. We drove 12 hours to get to the Yukon River. We boarded the boat Josh uses to access these villages and headed up river to visit one of the villages. At night we pitched a tent on the river bank. My heart was greatly moved for the Native Americans in these villages. I was deeply impressed with the heart and devotion Josh has to reach them with the Gospel. Please pray for him as he reaches out to these villages. I am praying that God will send someone to help him in this great work. There is such a need there among these Native Americans of Alaska. I will share with you more about Josh and his ministry in our next newsletter.

I covet your prayers for our meeting on the Wind River Reservation in Wyoming (August 17-22). I will give you a report on the meeting in our next newsletter. Pray for me while on deputation and that God will meet every need and call others to help us reach Native Americans. I have included some pictures of the tent-meeting on the Jicarilla Apache Reservation and our trip to Alaska. *Ken Trivette*
